

Shimmering Triangles

Organiser's Requirement List

Students in this class need machines in good working order with a quarter inch foot. Usually they bring their own.

This class is very productive. Students usually produce a lot of blocks, and in residential classes some have been known to lay out blocks for two quilts. They will need space for quite a large design wall so layouts selected in class can be pinned and taken home. This can be on the floor or on walls.

They work with a cutting mat beside the sewing machine so will need enough space to reduce the risk of cutting electric cords from sewing machines. I usually ask for at least one and a half metres of space each, though this can be reduced a bit if they have an extra chair beside them to put their fabric on.

At least two irons to a room please – and occasionally there will be queues

If you have any questions you can contact me.
