

1-888-353-CARE - ENHANCED SERVICE

1-888-353-CARE is a toll-free phone number that have replaced the numbers that callers have used to reach our Crisis Line in the past.

The numbers that are **NO** longer in service for the North Okanagan area are:

Vernon – 250-545-2339

Enderby – 250-838-0880

Salmon Arm – 250-833-1488

Revelstoke – 250-837-6601

For people living in the North Okanagan, calls will be answered by the Crisis Line centre in Vernon as has always been the case. However when phoning the Crisis Line 1-888-353-2273 number, if the line is engaged, then the second call will bump over to one of the other Interior Crisis Line Network partners. The benefit is that callers will reach a person to speak with and not a voice mail directing them to call back or seek emergency help if their situation is emergent.
