Greetings Hallsburg Community,

Over the past several years Hallsburg School has proudly recycled all of its paper waste, as well as making the recycling effort available to the community. We regularly see staff, parents, and members of the community bringing paper to the recycling containers on campus. Unfortunately, the company behind this recycling effort, Green Fiber, is going out of business and will no longer keep paper recycling dumpsters on campus.

Beginning immediately, please do not bring any more paper recycling to the school. The trash dumpsters are for school use only, and are not meant to be used by the community. With the added space needed for paper waste, the school will need all of the space in the trash dumpsters. We appreciate your cooperation and thank you for supporting our paper recycling effort over the past years.

We have been notified of another paper recycling company in the area, but they charge \$50/month to put a 6 cubic yard dumpster on our property and empty it every week. The school cannot pay for this service but if you know of a business that might be interested in sponsoring our paper recycling effort by paying for the recycling dumpster, please have that company contact the school office. The school would be happy to put up a sign next to the dumpster and on our website, recognizing and thanking that company for their sponsorship, allowing Hallsburg to continue its recycling effort.

Thank you for your continued support of Hallsburg ISD.

Kent Reynolds
