

## The rich *do* get richer ... Here's how!

Blistering taxes ... IRA meltdowns ... a stock market that can slash your wealth within hours ... scams ... litigation ... and more. All of this can ruin your retirement years.

**You've worked hard for your money.  
Now hold onto it — no matter what!**

James Trippon is the millionaire's money manager and the financial advisor to some of America's wealthiest families. *Stay Rich Forever* is his complete guide to retiring on *your* terms: No worries, time to do what you want, money to finance a life you *love*. You get the inside stories and financial secrets of people who retire wealthy and the man they depend on to help them stay that way.

*"Anyone who wants a prosperous retirement should read it!"*

JACK CANFIELD

Co-author, *Chicken Soup for the Soul*® series

### LEARN HOW TO:

- Give your finances the millionaire makeover
- Cash in on the four basic principles of "Staying Rich Forever"
- Avoid unnecessary losses from recession, inflation, or stock market fluctuations
- Make the best now-and-later choices regarding insurances, long-term health care, estate planning, and more
- Get ready for four situations that can cause you to run out of money during retirement
- Assemble a financial team you trust — the first five questions to ask
- Use the most commonly overlooked tax strategies to keep more of what you have
- Create a lifestyle that makes retirement *fun* for you and those you love

Based on *real* case studies and client interviews.
