The Canadian Paediatric Program Director (CPPD) group is made up of all the Program Directors and Assistant/Associate Program Directors from the 17 Paediatric Training Programs across Canada. This will include the current chair of the committee and a minimum of three other members, including representation in both official languages. If any member has a conflict of interest for a particular application in a given year, they will step down from the committee for that year only and may resume the following year.

### **Award**
