

IFT Ovation! Celebrating What's Working in our Schools

"Ovation!" a Program that honors the work CTA members do every day.

IFT is excited to provide chapter presidents and other local leaders with a new opportunity to laud their members for outstanding projects, classroom programs and support systems that reflect the Strength-based Teacher Driven principles of the CTA Institute for Teaching.

The Ovation Toolkit was created so local chapter leaders have a framework or model for building an effective Association member strength-based recognition program.

The toolkit includes practical suggestions for using Ovation and many resources. The toolkit provides a step-by-step process that makes the *Ovation!* Program both attractive and easy to implement.
