- 8/87 Basic Dysrhythmias
- 10/87 Clinical Seminars in Manual Therapy
- 10/87 Aides Workshop
- 1/88 Manual Therapy of the Cervical Spine
- 8/88 Aggressive Rehabilitation of the Back & Neck in Athletes
- 9/88 Functional Orthopedics I
- 10/88 Autotractorion
- 3/89 The Pelvic Girdle Structure, Function, Evaluation and Treatment
- 8/89 Knee & Shoulder Rehabilitation, Lumbar Disc Derangement
- 8/89 Functional Relationships of the Lower Half
- 10/89 Chain-Reaction
- 2/90 Diagnosis and Treatment of Muscle Imbalances
- 6/90 Functional Orthopedics II
- 9/90 Back Education Training
- 4/91 Ergonomics of Sitting
- 4/91 Evaluation & Treatment Lumbar Spine
- 5/91 Ergonomics & Injury Management Training
- 6/91 Evaluation & Treatment Cervical Spine
- 9/91 Evaluation & Treatment Shoulder Complex
- 10/91 Mobilization of the Nervous System
- 3/92 The Knee - A Clinical Approach
- 5/92 Level 1: Basic Manual Therapy North American Approach
- 8/92 Pathophysiology & Mechanics of the Shoulder
- 8/92 An Integrated & Biomechanical Manual Therapy Approach of the Shoulder Girdle & Glenohumeral Articulation
- 9/92 Ultrasound

- 4/93 Advanced Concepts in Foot & Ankle Dysfunction
- 10/93 Open vs. Closed Kinetic Chain Rehabilitation of the Lower Extremity
- 2/94 Level II: Intermediate Orthopaedic Manual Therapy/Lower Quadrant
- 4/94 Assessment and Treatment of Balance Disorders and Vertigo
- 5/94 Level II: Intermediate Orthopedic Manual Therapy/Upper Quadrant
- 9/94 Pelvic Girdle Evaluation & Treatment
- 3/95 The Painful Spine: Surviving into the 21st Century
- 7/95 Clinical Instructor Training Workshop
- 8/95 If It's Not Functional, It's Not Worth It
- 9/95 Repeated Level II: Upper Quadrant
- 11/95 Repeated Level II: Lower Quadrant North American Institute of Orthopedic Manual Therapy
- 12/95 Advanced Decision Making in Wound Care
- 3/95 Balance and Vestibular Training
- 9/95 Clinical Seminars in Manual Therapy II Lower Quarter
- 1996 How to Make Presentations With Confidence and Power
- 1996 Completed Clinical Seminars in Manual Therapy (CSMT II) - Examination and Treatment of the Lower Quarter approximately 75+ contact hours over the 25+ sessions
- 3/96 Balance and Vestibular Training
- 8/96 Manual Therapy of the Thorax
- 9/96 Review of Functional Anatomy
- 10/96 Ankle & Foot Assessment & Treatment Focus on Manual Therapy
- 2/97 Mobilization of the Nervous System
- 4/97 Foot and Ankle Assessment & Treatment
- 4/97 Coaching for Student Success: Skills for the Clinical Instructor
- 9/97 Vestibular Rehabilitation
- 10/97 "Diagnosis by a Physical Therapist: Acknowledging Something You Already Do"
- 10/98 Completed Orthopedic Physical Therapy Year Long Manual Therapy Course Constituting 160 hours of continuing education over 10 weekend sessions taught by Joe Godges, P.T. OCS.
- 2/98 Cervicogenic Headache: Evaluation and Treatment
- 4/98 Neurovascular Entrapment Syndromes of the Upper Quarter
- 9/98 Job Analysis and Ergonomic Assessment
- 5/98 Board Certified Specialist in Orthopedic Physical Therapist
- 10/98 Diagnosis and Treatment of Movement Impairment Syndromes
- 2/99 Applied Techniques of Manual Therapy - Joint Mobilization
- 3/99 Current Concepts in the Treatment of Patellofemoral Pain
- 4/99 Training and Education in Expanding Your Practice into The Work Environment
- 6/99 Vestibular Rehabilitation & Balance Retraining
- 6/99 Canine Physical Therapy I, University of Tennessee, Knoxville Campus
- 9/99 Ergonomic Analysis & Injury Prevention Training: Lauren Hebert, PT, OCS
- 3/00 Vestibular Rehabilitation A Competency Based Course, awarded certificate of competency 3/18/00
- 4/00 Cervical Spine Hands on Lab Course
- 8/00 Osteoporosis: A Comprehensive Treatment Strategy
- 9/00 Women's Business Ventures: 14 week, 42 hr course
- 9/00 Leadership Seminar: Franklin Covey
- 10/00 Examination in Physical Therapy Practice: Screening for Medical Disease
- 11/00 Cumulative Trauma and Ergonomics: Ron Porter, PT Certified Ergonomic Assessment Specialist
- 1/01 The Pelvis-Restoring Function, Relieving Pain: Diane Lee, BSR, MCPA, FCAMT
- 3/01 Lower Quarter Biomechanics: Implications for the Evaluation & Treatment of Musculoskeletal Disorders. Chris Powers, PhD, PT & Steve Reischl, DPT, OCS
- 3/01 Occupational Ergonomics March 12-15. The University of Michigan Center for Occupational Health Safety Engineering.
- 3/01 Ergonomic Job Analysis March 16-17. The University of Michigan.
- 8/01 Vestibular Function - Test Interpretation. Emory University

- 8/01 Evidence Based Practice: Current Concepts in evaluation and treatment of motor control deficits in the low back pain patient.
- 10/01 Ergonomic Assessments Tools and Strategies: Joannette Alpert, MS, PT, CIE, CPE Alison Heller-Ono P.T., CIE, CMC
- 1/02 Work Injury Prevention: Lauren A. Hebert, PT, OCS
- 1/02 California Ergonomic Update: A Systems Approach to Prevention and Management. University of California, Los Angeles.
- 6/02 Certified as IMPACC Ergonomic & Prevention Specialist June 20-24. 40 Contact Hours. Patricia Scott, PT. President, IMPACC, P.A.
- 6/02 Certified as an Injury Management Prevention & Cost Containment Specialist
- 9/02 Manual Therapy of the Lumbar Spine and Pelvis. Joseph Godges, DPT, MA, OCS
- 10/02 Vestibular Rehabilitation: The Evidence Shows that PT is Effective
- 2/03 Advanced Office Ergonomics I: Los Angeles. COEH Center For Occupational & Environmental Health; UC Berkley
- 2/03 Advanced Office Ergonomics II: Los Angeles. COEH Center For Occupational & Environmental Health; UC Berkley
- 5/03 Advanced Office Ergonomics III: Center For Occupational & Environmental Health; UC Berkley
- 7/03 Vestibular Rehabilitation: A Competency Renewal Course, Awarded Certificate of Competency
- 10/03 Ergonomic Worksite Analysis
- 10/03 Mobilization of the Nervous System
- 4/04 Cervicogenic Dizziness, A Competency Based Course; Awarded Certificate of Competency
- 11/04 Practice & Management of Occupational Ergonomics; Certified Ergonomics Specialist II
- 2/05 Neurocom Clinical Integration Seminar
- 3/06 Practice & Management Occupational Ergonomics
- 3/06 Level II: Enhanced Ergonomics Evaluation Skills; CPTA Annual Conference
- 6/06 Congestion in the Cervicothoracic Junction; Brian Wessel, MPT, OCS
- 09/06 Vestibular Rehab-A Comprehensive Clinical Approach; Georgia MacGillivray, PT
- 11/06 Evaluation & Treatment of Benign Paroxysmal Postional Vertigo; Diane Barrickman, PT, MA, OCS
- 04/07 Differential Diagnosis, Examination & Treatment: "The Dizzy & Imbalanced Patient; Rob Landel, PT, DPT, OCS, CSCS
- 01/08 UCLA Office Ergonomics – The Seen & Unseen
- 2/08 UCLA Ergonomics & Productivity
- 03/08 UCLA Macroergonomics: Getting the "Big Ergonomic Picture
- 5/08 UCLA Can Back Injuries Be prevented? Primary & Secondary Control
- 06/08 UCLA Anthropometry and Workstation Design
- 09/08 Course for Balance & Vestibular Exercises – Greg Cox, RPT
- 05/09 Diploma Doctor of Physical Therapy – Western University of Health Sciences
- 08/09 Functional Biomechanics of the Lower Quarter: Implications for the Evaluation & Treatment of Musculoskeletal Disorders; Christopher Powers, Ph.D., P.T
- 12/09 Medical Imaging for the Physical Therapy Practice; Ross Biederman, DPM
- 01/10 Functional Relationship of the Lower Half; Richard Jackson, PT, OCS
- 07/10 Vestibular Rehab: Evaluation & Management of Individuals with Dizziness & Balance Disorders; Richard Clendaniel, PT, PhD
- 01/11 Diabetes and Patient Management: Update 2011; Ryan Meyers, PT, DPT
- 03/11 Professional Responsibility: Where Ethics and Best Practice Meet; CPTA
- 09/11 Management of the Patient with Vestibular Hypofunction or Loss: Susan Herdman, PT, PhD.
- 02/12 Fe(Male) Chain Reaction; Christina Christie, PT, CCE, FAFS
- 3/12 The Function & Dysfunction of the Hip; Christopher Powers, PT, PhD

American Physical Therapy Association (APTA) Activities: APTA Member since 1987

- Nominating Committee Chairperson Tricounties District 91-92.
- Chairperson Tricounties District 93-94.
- Representative Tricounties District, 94-95, 96-97, 98-04
- Chief Representative Tricounties District, 03-06
- Secretary Tricounties District, 95-96.
- California Delegate, 95-97, 99-10
- California Federal Affairs Liaison, 06-10
- Political Action Committee Chairperson, 99-04
- Liaison Professional Skills Institute, 99-00
- Orthopedic Section Member, 91-06
- Research and Neurology Sections, 99-10
- CPTA Government Affairs Committee Member 2006
