

Open Work Weaves

March 3-4, 2018
Saturday 9-4 & Sunday 10-4
Registration Fee \$90

Need help warping your loom? Friday night the cottage will be open from 6:30 - 9:00 p.m. for warping help. Bring your loom and yarn, I will provide the warping boards and lots of help!

Create lacy and open weaves using a plain weave setting on your rigid heddle or multi-shaft loom. You will bring your warped loom to the class and learn how to create beautiful patterns that are only limited by your imagination!

This class is designed for beginners and more advanced weavers who are interested in learning techniques including open-work weaves, lace weaves or finger manipulated weaves. You will weave a sampler of these beautiful weaves on your loom.

Don't have your own loom? No problem! A loom can be warped and ready for you to use in the workshop for an additional fee.

Warping Instructions:

Good yarns to use include 5/2 Perle Cotton, 3/2 Perle Cotton, 5/2 Rayon, wool or any other yarns that are strong (we will be pulling and twisting the yarns). Bring enough yarn to class to weave at least a yard of fabric. Any color is fine but the yarn should be a solid color (not variegated).

The weave is based on plain weave, so those with multi-shaft looms should choose a pattern that will weave plain weave (either 1-2-3-4 or 1-2 is most common).

The warp should be at least 2 yards long and 8 inches wide, but may be wider and/or longer.
