PRESIDENT'S JOTTINGS—AUGUST 2013

Hello all again

Well things are going along just as normal without too much hiccups.

Stockland Shop:

We continue to have the wonderful shop at Stockland and many of our members have taken up the offer to sell their works there and duly make themselves available for duty in order to keep the shop open.

There are several people though, who through no fault of their own, are away at present and Barbara has been trying to juggle the roster. So, for those volunteers at Stockland, if there is any chance that you can swap a duty or do an extra duty for August, please let Barbara know.

Jezzine P1 Huts:

Advice from Shane Fitzgerald is that things are moving along and that we should have a lease by September this year.

TAS Branding:

We are looking to have some shirts and aprons available for sale at TAS with the TAS logo embroidered on them. When we have more information on this I will let you know. It would look so much more professional if we at least were able to be identified as belonging to the Townsville Art Society when we do TAS activities.

Well, that's about all from me,

'til next time

Elise

WILL YOU BE READY???

The TAS Awards are only weeks away now and I hope you are all busy painting, drawing, printing or whatever it is that you do.

I am just reminding you that the final date to have your entry form in is the 28 September and before you know it, it will be here. I know I have side-tracked myself with a huge portrait sitting on my easel and will have to get busy very soon.

Last year we had very few entries in the Oil section so I am hoping there might be a few new TAS members or long standing members who will enter that category this year. It might be just the reason to get the oils out and they will dry in time!!

Our miniature section is always popular as it is perhaps easier and convenient to frame something small. Please consider entering that one and maybe try something completely new this year.

It is all about being in it and having fun. Remember not to judge yourself too harshly either as we often do that and just don't think we are good enough. We are all "good enough" and every work is an individual expression of ourselves.

So get busy over these next few weeks and looking forward to seeing all your wonderful work.
