

The Centre of Attention

Dog Rock Boulevard, Jaffa Java and Albany Camera House joined forces to host June's Albany Chamber of Commerce and Industry Business after Hours.

Centre manager Davyd Hooper welcomed the crowd to the "all new" Dog Rock Boulevard as the centre's \$8 million redevelopment project nears completion.

The project has included refurbishment of the centre's entry statements and makes Dog Rock one of the first shopping centres in regional Western Australia to receive the new look of the MyBoulevard group of boutique shopping centres.

Davyd and Angela Hooper have been making their mark on the shopping centre since it was purchased by Davyd's father in 1984. They have overseen the revamp of the centre's newsagency and in more recent times Angela has managed the relocation of Albany Camera House to the centre and the opening of Jaffa Java Chocolate Coffee House.

The evening was a showcase of the food and coffee available from the friendly team at Jaffa Java.

Davyd said tenancies and leasing spaces were still available in the centre and invited local business to consider their options with competitive opportunities available. He said their leasing prices were half that of other shopping centres in similar central locations.

"Angela and I are committed to supporting and buying local wherever possible and we encourage all business people to do the same," Davyd said.

The evening included the unveiling of 'Rocky' the new mascot for Dog Rock Boulevard who will undoubtedly be a big hit with children.

Davyd said hosting BAH had been a fantastic opportunity to showcase the businesses in the shopping centre. "It was great to be able to talk to people in the business community and we have had a lot of positive feedback from the evening," he said.

July's BAH will be hosted by Albany World of Cars.

BAH June hosts Angela Hooper from Jaffa Java and Albany Camera House, 'Rocky' and Davyd Hooper from Dog Rock Boulevard.
