

Something completely different

The Albany Golf Club suited ACCI members to a tee for Business after Hours in April. In addition to the Golf Club, co-hosts for the evening were Valiant Drycleaners and Nexus Risk Services.

Situated overlooking Middleton Beach, the Albany Golf Club offers members and visitors alike an 18-hole 'true links' course – often described as one of the best in Australia.

Albany Golf Club president Mike Schuts described the club's facilities as first-class with the club house available for functions and seminars. "We believe we have some of the best facilities in Albany, and we are also a great venue for team-building exercises," he said. "We welcome corporate golf days – there are many benefits of membership to Albany Golf Club with more than 100 years of tradition and history."

Don Titterton from Valiant Drycleaners regaled the crowd with humorous anecdotes from some of his customers. According to Don, Valiant Drycleaners has one objective when cleaning your clothes, bedding or oddments – that is to make you look your best and feel comfortable.

"We work under the following rules – the difficult done daily, the impossible performed overnight, but miracles are by appointment," he said. "In addition, all work is done with a smile."

Jim Doyle from Nexus Risk Services chose to use music to tell the BAH crowd about the WA-owned and operated general insurance broker. But for those who did not hear all the lyrics, Nexus provides innovative business insurance and risk management solutions to clients across WA.

The company's services cover an extensive range of industry sectors including manufacturing, transport, contractors, retailers and professionals. Nexus has a reputation for providing quality services by representing new and existing clients at all stages of the insurance process.

▲ Jill Pearle from Worklink, and Don Titterton and Tracey Armstrong from Valiant Drycleaners.

▲ Jim Doyle from Nexus Risk Services entertains the crowd.
