

Suggest a Purchase Form

The Trail & District Public Library strives to build a balanced collection in order to meet the social, cultural, recreational, informational, and educational needs of our community. We appreciate your ideas and contributions. Suggestions are evaluated according to our [Collection Development Policy](#).

We welcome suggestions for:

- Authors, titles, or subjects of interest to you that would also be of interest to others.
- Items of local interest, relating to Trail, the greater Trail area or British Columbia.

Please do not suggest:

- Items already available in the Library [Catalogue](#).
- Titles that are not yet published - notices are often issued months in advance.
- Out of print items. For older items, you may try [Interlibrary Loans](#).

Suggestions for magazines will be retained annually for review. Commitments to ongoing subscriptions must be carefully considered for criteria such as contribution to a subject area, or local interest.
