Annual Reviews

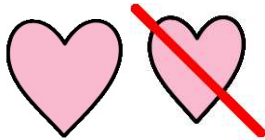

If you have an EHC (Education, Health and Care) Plan...

Your plan should be reviewed every year. This is called “transition” planning.

Your school or college should help you to prepare for the review meeting.

You can say what you like and dislike.

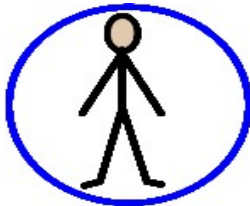

You can say what you want for the future.

You can say what support is working for you and what is not.

You can use videos, PowerPoint or pictures to help you say what you want.

You can invite a parent or other people who are important to you.

At the review meeting everyone may talk about:

- **What you want to study or what work you want to do in the future**

- **What help you need to be healthy.**

- **What help you need to help you make friends and have hobbies.**

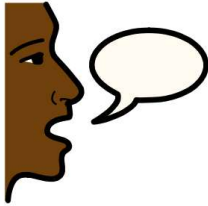

- **What help you need to travel independently.**

- **What help you need to live independently (for example cooking skills).**

We can help you to prepare for an annual review.

We can help you have your say.

If you are not happy with any decisions made we may be able to help you.

If you have any questions about annual reviews you can contact Supportive Parents.
