ALIVE Training in Nagaland, India

We now have close to 40 people at various levels of ALIVE training in Nagaland. We are really delighted with the opportunity to introduce ALIVE in local churches. By the end of this year we hope to start training in a number of large churches here.

Myanmar, with David Sangdong and SIL team

Loved visiting with Dr. David Sangdong in **Myanmar**. David had gathered 40 leaders from around Myanmar for several days of training in Emotional Trauma. This was the culmination of many years of hard work on his part. There were several SIL trainers from USA as well.

We are looking into the possibility of ALIVE training in Myanmar. The main challenge is the medium of instruction and the translation of the training materials into the local language. Please pray with us.

ALIVE Training in Melbourne

Just over 20 people from four different churches attended the first ever ALIVE Level 1 in Melbourne at CrossCulture church. It was spread over two weekends. ALIVE Level 2 training is scheduled for the month of July (dates above). In the next level, we will be dealing with trauma healing journey from being a victim/survivor to becoming an overcomer and eventually a healer within our communities. We welcome new participants for the Level 2 training. For more info write to: info@transform4life.org.au

Right now we are in need of finance for developing new facilitators to conduct training in many parts of India. We also need to produce a training manual. For more information on giving to Transform4Life [Click Here](#) or visit our website: <http://transform4life.org.au/donation/>

When you pray, remember....

- ✦ Friday, 25th - I will leave for South Africa.
- ✦ New ALIVE training starting in Durban, South Africa. I also have a busy schedule there speaking at a number of churches.
- ✦ Praise God for the opportunities to conduct training in Nagaland churches.
- ✦ Pray for Augustine as he follows up contacts and sets up new training in India. We need another person to work with Augustine.
- ✦ Pray for the translation of ALIVE training materials into Hindi. Rev. Immanuel is undertaking the translation. Pray for proof reading and printing.
- ✦ A new version of ALIVE 2 will be printed next week. Thank you for your financial support.
- ✦ New opportunities in Central India.
- ✦ Pray for competent and committed facilitators.
- ✦ Praise God for the opportunity to visit Myanmar and introduce ALIVE training there. Pray for God's direction concerning ALIVE training in Myanmar

What are they saying about ALIVE training?

‘As I said, you are God sent to me. Attending Transform 4life is not accident. I thank God for the opportunity and your life and I also want your valuable guidance and help.’

“I thought caring for a person means providing solutions. ALIVE training taught me to listen to understand instead of worrying about solving problems.”

“Caring is staying with people, no matter what. It is not about me.”

“In my place they talk about every sin except emotional abuse by family members. Thank you opening our eyes.”

“I am not God’s answer to people’s problems.”

“I was scared of telling people about Jesus. Here I have learned that evangelism starts when I listen to people.”

“I learned that until now I just wanted to tell people about Jesus, but I did not really care about them.”

“Evangelism starts when I learn to be humble and listen to what others have to say instead of only thinking about what I am going to say.”
