Creative Commons copyright licensing - [Creative Commons](#) is a nonprofit organization that enables the sharing and use of creativity and knowledge through free legal tools. Choose the [free copyright license](#) you wish to provide from the choices below:

[Creative Commons Attribution 3.0 Unported](#) - This license lets others distribute, remix, tweak, and build upon your work, even commercially, as long as they credit you for the original creation. This is the most accommodating of licenses offered. Recommended for maximum dissemination and use of licensed materials.

[Creative Commons Attribution-ShareAlike 3.0 Unported](#) - This license lets others remix, tweak, and build upon your work even for commercial purposes, as long as they credit you and license their new creations under the identical terms. This license is often compared to “copyleft” free and open source software licenses. All new works based on yours will carry the same license, so any derivatives will also allow commercial use. This is the license used by Wikipedia, and is recommended for materials that would benefit from incorporating content from Wikipedia and similarly licensed projects.

[Creative Commons Attribution-NoDerivs 3.0 Unported](#) - This license allows for redistribution, commercial and non-commercial, as long as it is passed along unchanged and in whole, with credit to you.

I hereby affirm that I am the creator and/or sole owner of the exclusive copyright of the photograph(s) and written content described above and attached to this email.

I hereby affirm that subjects in the photograph(s) described above and attached to this email have given consent to use their image.

I agree to publish the photograph(s) and written content described above and attached to this email under a free [Creative Commons license](#) as defined by the above licensing I chose.

I acknowledge that by doing so I grant anyone the right to use the work in a commercial product or otherwise, provided that they abide by the terms of the license and any other applicable laws.

I am aware that this agreement is not limited to the Respiratory Care Society of Washington or related sites.

I am aware that I always retain copyright of my work, and retain the right to be attributed in accordance with the license chosen. Modifications others make to the work will not be claimed to have been made by me.

I am aware that the free license only concerns copyright, and I reserve the option to take action against anyone who uses this work in a libelous way, or in violation of personality rights, trademark restrictions, etc.

I acknowledge that I cannot withdraw this agreement, and that the work may or may not be used permanently by the Respiratory Care Society of Washington.
