<b>Evaluation</b> In My Head: On My Own		If Yoda really works where would he be best used in current day society?			Make your own Yoda following the instructions	

### **QAR - Question - Answer Relationships - Thinking about questions**

#### **In the Book**

*Right There:* A "detail" type of question, where words used to form the question and words that answer the question are often "right there" in the same sentence. (Blooms - Knowledge)

*Think & Search:* The answer is in the text, but readers have to "think & search" to find the answer; sometimes within a paragraph, across paragraphs, or even chapters. (Blooms - Comprehension)

***In My Head***

*Author and Me: The information to answer the question comes from my background knowledge, but to even make sense of the question, I'd need to have read and understood the text. (Blooms - Application, Analysis)*

*On My Own: The question relates to the text, but I could probably answer this one even if I had never read the text. All the ideas and information come from my background knowledge. (Blooms - Synthesis, Evaluation)*
