

Number 2 RLF Loan-Doorbust'n Portables & Septic Services

Blaine Rogers completed an application in partnership with his lead lender, Doug Hill of Stockman Bank, and presented his project to the RLF committee for review. The funding request was for the purchase of the portable toilet and septic business from Dale's Septic Pumping and Portable Toilets, and for operating capital.

Doorbust'n Portables and Septic Services, LLC, is a business that will supply portable toilets to local and oilfield businesses as well as homeowners. Blaine's plans are to continue with the existing services and to expand the business also.
