

Number 6 RLF Loan-Miller's Garbage Service

James and Rebecca Miller completed an application in partnership with their lead lender, Doug Hill of Stockman Bank, and presented this project to the RLF committee for review. The funding request was for the purchase of Triple S Disposal's residential and business garbage collection business from Bryon and Terra Stanford. The funds were for inventory and equipment.

Miller's Garbage Service is a garbage collection business located in Savage. The company provides weekly garbage pickup, and serves the communities of Savage, Sidney and Fairview. James and Rebecca's plans are to continue with the existing services and to expand the business as well.
