

IUHS Textbooks List

Below you will find a list of textbooks, interactive media recommendations from students and faculty. I have not listed editions or ISBN numbers as you may choose to get an earlier edition because of the expense. Do a search for the title and select the latest edition whenever possible. It is not necessary to purchase all of these books, I strongly suggest contacting some upperclassmen to get recommendations. There are no reading assignments perse in the program, all the textbooks are for reference and follow-up on presented lecture material.

If you have any book recommendations or comments to improve our book list, please submit your comments and favorites to Dr. Neil Shocket at neil_shocket@yahoo.com

STUDENT RECOMMENDATIONS for USMLE AND EXAM REVIEW

Deja Review Series

USMLE Step 1, Pharmacology, Microbiology & Immunology, Biochemistry, Histology and Medical Cell Biology, Pathology, Neuroscience, Physiology
Published by McGraw Hill

Board Review series (BRS)

(most subjects available)
Published by Lippincott, Williams and Wilkins

Pre Test Series

OB-GYN, Physical Diagnosis, Biochemistry & Genetics, Pharmacology, Physiology, Microbiology, Neuroscience, USMLE Step 1, Clinical Vignettes, Anatomy, Histology & Cell Biology.
Published by McGraw Hill

USMLE roadmap

Biochemistry, Pharmacology, Neuroscience, Microbiology & Infectious Disease, Physiology, Histology, Biochemistry, Gross Anatomy, Immunology
Published by Lange

MedEssentials

Kaplan Medical

First Aid for the USMLE

Step 1 – Student Guide
Step 1 - Q & A
McGraw Hill

Rapid Review Series (RR) (most subjects available)

Stevens, Mosby

ONLINE QUESTION BANKS
