

SMOKE DETECTORS AVAILABLE THROUGH DUBLIN FIRE DEPARTMENT

The Dublin Fire Department is able to offer smoke detectors to Dublin residents at no cost. If you know of someone that needs a smoke detector, and they are either financially or physically unable to purchase one for their home, please let the Fire Department know by calling 563-8137. The Department would be glad to provide this essential life-saving device.

This program is made possible by FEMA, through the Fire Act Grant and our dispatch center, Southwestern New Hampshire Fire Mutual Aid.
