"I owe much of who I am as a teacher today to Wendy—who is not only a gifted yogini, but also a wonderful teacher. She truly modeled for me how to live life on the mat and off; and, how to bring that knowledge to others. I learned the physical techniques as well as how to take students to a deeper level of self-exploration and peace." —Wendy C.

"Wendy lives her yoga. I learned as much from observing her interactions with others as I learned in the classroom." —Michael K.

"Wendy's knowledge of yoga and passion for life makes her Teacher Training very inspirational. I feel truly blessed to have taken this journey with such an insightful woman with high values and ethics. Through her enthusiasm I feel I can teach and inspire my students with love and compassion." —Nancy M.

Program Description

The BSY Teaching Training Program is aligned with the original teachings of yoga where the practice transcends the mat by viewing our daily life as a laboratory in which to embody and affirm the 8-limbed path. The training will begin with an in-depth study of the history and philosophies of yoga. You will immediately be inspired and supported to develop a yogic lifestyle represented in every pose of your life. You will begin sharing, offering and teaching from the first step. Through this program you will build the courage to ask the questions of your heart, develop the receptivity to listen, grow the strength to speak your truth and feel well versed in complimenting a variety of teaching methodologies with your authentic offering of vinyasa flow yoga.

The Friday sessions meet from 4 – 9 pm.
The Saturday sessions meet from 1 – 6 pm and the Sunday sessions meet from 1 – 4 pm.

Students may attend any weekend as an immersion for continuing education credits or hours towards BSY certification.
