

Memorandum of Understanding between Capital University and the City of Bexley regarding Bernlohr Stadium light usage.

To enhance management of events at the Bernlohr Stadium facility, Capital University agrees to the following principles:

- Capital University will operate evening games activities using the Facility Management Plan for Evening Events in Bernlohr Stadium.
- Capital University will be limited to a maximum of three (3) days per week when regular season athletic contests can take place in the evening with light usage.
- Capital University will be limited to a total of 30 regular-season evening athletic contests per year which use the stadium lights.
- In order to accommodate OAC/NCAA scheduling expectations, Capital University will not be limited in the number of OAC and NCAA post-season games it can host in the evening.
- Capital University's Athletic department will be permitted to use lights at Bernlohr Stadium from August 1 through November 30 and from January 15 through April 30. Lights will generally not be used during December, May, June, and July unless for a community-sponsored event, to accommodate the post-season scheduling expectations of the OAC and/or NCAA, or for a university event.
- If the City of Bexley determines that Capital University is failing to adhere to the operating principles described in this agreement, the Capital University athletic director will meet with a representative from Bexley to discuss the matter and develop an action plan for remediating the concerns.

This Memorandum of Understanding will be reviewed by Capital University and Bexley every three years.
