

**NOTICE OF PUBLIC MEETING
CITY OF BEXLEY
PLANNING COMMISSION**

(Please note the change of venue from the typical Planning Commission meeting location)

The Bexley Planning Commission will hold a Special Public Meeting on the following application on **Monday, October 28, 2013 at 6:00 p.m., at the Bexley Public Library Auditorium, 2411 E. Main Street.**

SPECIAL NOTE TO THE APPLICANT: Number 6 of the Rules and Regulations of the Planning Commission reads: The applicant or an authorized representative shall attend the meeting. The Commission may dismiss, without hearing, an application if the applicant or authorized representative is not in attendance.

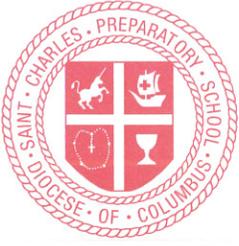

APPLICATION No: 13-0015
APPLICANT: James R. Lower
OWNER: St. Charles Preparatory School
LOCATION: 2010 E. Broad Street (west side of front yard)

REQUEST: The applicant is seeking Environmental Review and approval to allow a 40' x 20' concrete pad and temporary safety net in the schools front yard space to serve as a discus & shot put throwing center. The applicant has also submitted a landscape plan to help screen the area.

A copy of the application is available for review in the Building Department office during the hours of 8:00 a.m. to 4:00 p.m. Monday thru Friday. If you have any questions, please call the Bexley Building Department at 559-4240.

If you need any accommodation or assistance in order to attend the meeting, please contact the City of Bexley at 559-4240 at least 48 hours before the scheduled meeting.

The Distinctive
Leader in
Catholic Education

October 3, 2013

City of Bexley,

I am writing on behalf of St. Charles Preparatory School, where I serve as Principal.

St. Charles has installed a 40' x 20' concrete pad in the school's front yard space to create an area that will serve as a discus & shot put throwing center for the school's track team. The enclosed diagram shows the dimensions of the area and the layout of the circles that are required for these events.

Also enclosed is a preliminary design for landscaping that will enclose this area on three of the 4 sides of this space. This design was generated by Oakland Nursery, who handles the landscape design, installation and maintenance on the St. Charles campus.

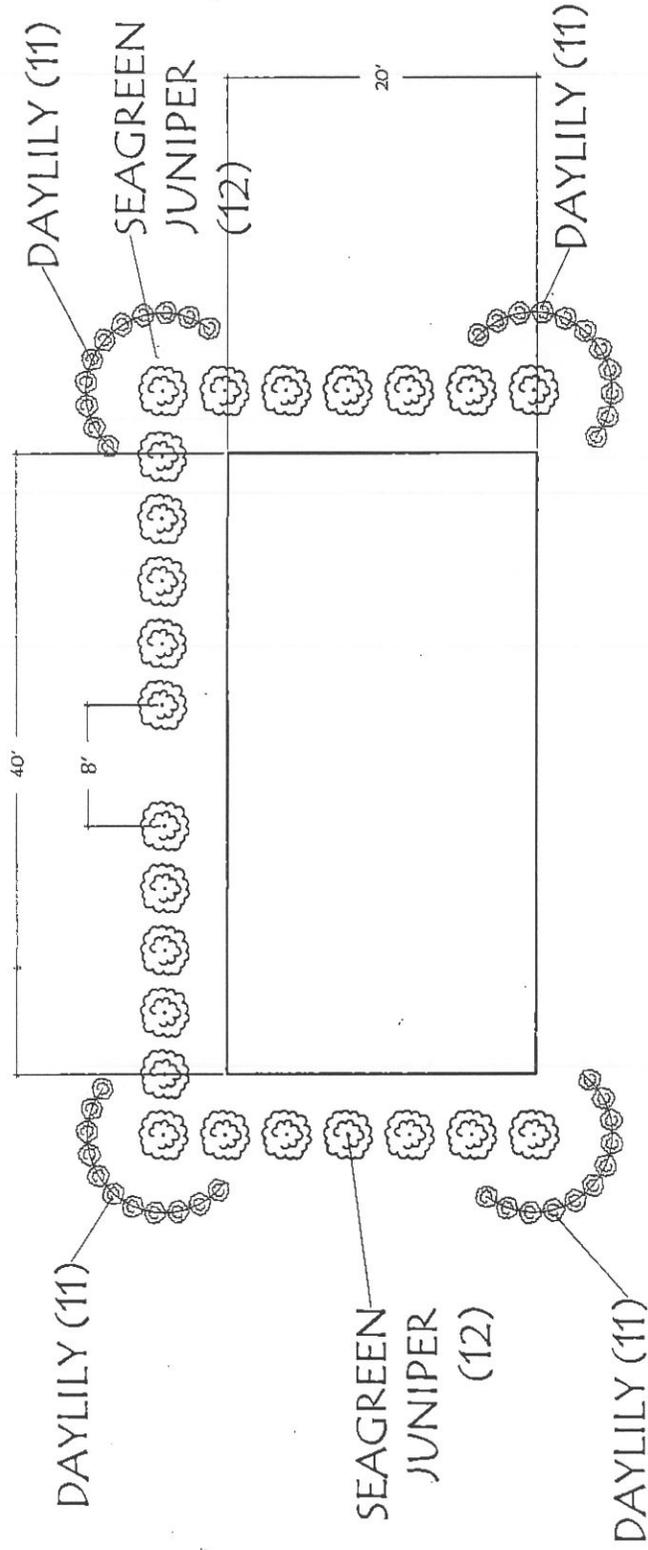

This area would be used primarily in the spring months of the school year, as this is the track season in the state of Ohio.

It is my hope that the city of Bexley will approve of this installation.

Sincerely,

James Lower
Principal

Gill 8030 High School Steel Discus Cage & Net

The Gill 8030 high school discus cage and net has the traditional six-pole layout and incorporates 14' tall rolled steel offset poles.

Steel flip arms secure the net at the front two poles with ground stakes used at the back poles. The new design allows the net to extend straight forward from the sides, while providing a less "restrictive" feeling for throwers.

- Includes (6) 14'H offset net poles
- Poles are 2-1/2" square, 14 gauge steel tube
- White powder coat paint finish
- Includes ground sleeves for semi-permanent installation
- Net is 14' x 56' knotless weather treated nylon
- 13' 6" net height
- 180 lb breaking strength
- Replacement net available, see below
