

2016-2017 Service and Environment Committee Goals

1. Assure adequate funding for street and alley replacement and maintenance.
2. Expand street and alley light program to assure resident safety.
3. Evaluate the cost and benefits of energy conservation strategies for the city and residents, including:
 - a. Installation of solar paneling on all city facilities
 - b. Creating an Energy Special Improvement District (SID) for residents supporting the adoption of solar energy for homes.
4. Appraise the costs and benefits of a comprehensive zero waste plan for the city, including:
 - a. Strategies to minimize plastic bag usage in Bexley
 - b. Solid waste recycling plan for residents
5. Work to increase resident awareness of input into the city's efforts to protect and enhance the environment.
6. Support the development of Bexley's bike infrastructure plan.
7. Evaluate the need for and costs of increasing the number of public waste receptacles along major streets in the city.
