Block Party Activity Kit

The Bexley Recreation & Parks Department (BRPD) is excited to introduce the Block Party Activity Kit (BPAK) to our community. Funded by the Bexley Community Foundation, the BPAK is a trailer full of supplies any Bexley neighborhood street would need to hold a successful BLOCK PARTY! The goal of the BPAK is to encourage Bexley neighborhoods to host block parties by making the process much easier. The BPAK is available for rental any day of the week by a Bexley resident, Bexley School Group, or Bexley Community Group and must be used within Bexley City Limits.

BPAK Permit Process

The calendar year for the BPAK is from April 1 of the current year through March 31 of the following year. In an effort to keep equity and fairness in the rental of the BPAK, the BRPD will hold a lottery day each year (already took place March 4, 2016), which allows residents to have a fair chance at popular dates throughout the summer (i.e. July 4th, Labor Day, etc.). If you did not attend the lottery day, then rentals will be taken in-person at the BRPD Office on a first-come, first-serve basis.

BPAK Rate:

Fee: \$200 (due at the time of the rental)

Deposit: \$250 (Credit Card on file)*

*The security deposit will not be charged unless the cancellation policy is broken, there is any damage to the equipment, and/or authorization is given by the Lessee.

For more detailed information on what the BPAK includes, please go to www.bexley.org/bpak.

Parenting Workshop Series *NEW

Location: Bexley HS Comm. Room
 Cost: \$30/class; \$50/both

Instructor: Shapiro & Sheppard
 Age: 18+

Issues revolving around communication will be addressed in the first workshop. The second one will specifically deal with the individual issues related to electronics usage. This is a special price for Bexley residents and is our way of helping give back to our community.

Workshop I: Healthy Communication for Families

Hello? Is Anyone Listening?

Communication within a family is a critical skill, and it's often left to chance. Setting an intention as a family for how to communicate --whether to inform, to instruct, to connect, or to entertain-- can transform the way your family functions.

This is a unique, interactive workshop where the participants' individual and specific needs will be addressed. Although there may be similarities, not every family has the same type of communication concern(s). By attending this educational session, attendees will not only learn how to effectively communicate with each other, but also how to maintain that healthy communication that spouses, parents, children, and young adults urgently need.

Activity #	Session	Date	Time	Day
4310.401	I	Oct. 19	7:00 - 9:00pm	Wed.

Workshop II: Structuring Electronic Usage for Children and Adolescents

How Much is Enough? Structuring Electronic Usage for Your Family

DESCRIPTION: Screen-time means many things, as computers, tablets, and smartphones serve multiple functions. Common Sense Media has created categories to distinguish how we interact with our devices as follows:

- Passive consumption: watching TV, reading, and listening to music
- Interactive consumption: playing games and browsing the Internet
- Communication: video-chatting and using social media
- Content creation: using devices to make digital art or music

With school frequently requiring devices to complete assignments, parents, partners, children, and young adults struggle with how much screen-time is enough or too much.
