Technology at work for you

Using the latest, most efficient manufacturing techniques to save your budget dollars

IPD has invested significantly in the most technologically advanced manufacturing equipment. Our new multi-head water jet cutting machine provides foam parts that are consistent and defect-free every time.

We are positioned to continue to make technology purchases that will facilitate more cost effective packaging designs and overall better quality products.

CUSTOM SOLUTIONS

Your part needs the best protection possible. IPD custom designs each project according to your specification and is always able to make suggestions on how to achieve cost savings and better overall quality

WHY IPD ?

- ALL WE DO IS RETURNABLE PACKAGING
- 50 YEARS COMBINED EXPERIENCE
- NEW, STATE OF THE ART FACILITY
- OVER 10,000 PROVEN DESIGNS
- ALWAYS ACCESSIBLE STAFF
- WE RECEIVE THE BEST MATERIAL PRICING
- RELIED UPON BY LEADING AUTOMOTIVE MANUFACTURERS AND SUPPLIERS
- HONEST, ETHICAL AND RELIABLE
- FLAT ORGANIZATIONAL STRUCTURE

flexible solutions for your packaging needs

IPD PROVIDES A TOTAL END TO END SOLUTION WITH PACKAGING AND CONTAINERS FROM ONE SOURCE

DESIGN & PROTOTYPING SERVICE

- We provide creative, user friendly and cost effective designs
- CAD/CAM cutting table provides perfect samples

HIGHLY TRAINED DESIGN STAFF

Our design staff is friendly, knowledgeable and always available. By recruiting and compensating only the best people, we are proud to say that we have never had any turnover in our design department.

FABRICATION

- Die cutting of plastic corrugated materials
- Water jet cutting of foam
- CNC machining of solid sheet plastic

Our CAD modeling stations are equipped with only the best technology. Multiple designers are able to handle the most demanding workload to meet your design deadlines.

ASSEMBLY

- Full time assembly staff trained to do the job right
- Temporary, on call, staff to fill in during peak workloads
- Insertion of packaging into containers

YOUR PACKAGING PARTNER

Teaming up with IPD provides great benefits

- Always a phone call away
- IPD is staffed to quickly respond to your needs day or night, in the United States or anywhere in the world
- Best pricing, quality, service and lead time, period

INTERNET SOLUTIONS

With the proliferation of the internet, we are now able to communicate at the speed of light. IPD takes full advantage of technology by providing file transfer speeds that support large CAD files and customer data

EBUSINESS SOLUTIONS

Our systems support all forms of EDI allowing you to eliminate your fax machine and send orders electronically. Once product ships, you automatically receive shipping documents and invoices via email
