To: Entrepreneurship Bootcamp

Ref: Tony Stephenson Letter of Reference

To Whom It May Concern:

I have worked with Tony Stephenson since 2006 from the flooring side of the contractor business. In the process of working with him he has demonstrated the willingness to take charge and responsibility for the work and jobs he has managed and we have done together. He is a good communicator, good listener, can manage various trades on a job site (electricians, painters, flooring, etc.) to keep the job on schedule and completed on time.

He would be an ideal candidate for the Entrepreneurship Bootcamp. He is a gifted individual with more coaching and training he will be able to achieve his true potential and ambitions. It would benefit him to enhance and round out his skills to handle even all facets of the business and continue to grow.

I can be available to discuss or answer any questions you may have related to Tony. You can reach me at my office number, my e-mail address, or my cell (513) 403-8288.

Yours,

Mark Johnson
Senior Account Manager, Commercial Division
& Director of Concrete Finish Division
