

Laboratory Managers Conference 2009

9 – 11 November 2009

Sebel and Citigate Hotel
Albert Park, Melbourne, Victoria

- **Learn** the latest thinking in laboratory management
- **Improve** your laboratory's performance
- **Network** with other laboratory, facility, research, scientific and technical managers
- **Discover** new productivity tools at the trade exhibition

This conference is relevant to all people involved in laboratory, scientific, technical and facilities management in all areas, including *life science, analytical testing, education, research, pathology, food, construction, mining, pharmaceutical and quality control.*

Laboratory Managers Conference 2009

This two day conference will be preceded by a choice of 6 half day workshops and will feature a group of top interstate and local speakers who are experienced in specific aspects of laboratory management or laboratory service delivery.

Networking is a feature of this conference and to maximize interaction, numbers are limited and knowledge sharing sessions are included in the program. As well, a conference dinner, lunch and coffee breaks offer further opportunities for networking among the delegates and trade exhibitors.

Conference Program

The Conference will feature four main themes:

- Regulation and OHS
- Systems Management
- Environment and Sustainability
- Laboratory Design and Refurbishment

There is an emphasis on dealing with regulations and systems such as records and chemical inventories, subjects which will involve Laboratory Managers increasingly in the future.

Presentations will include the following topics:

- Sustainable and productive laboratories
- Climate change and sustainability
- Sustainable design
- Striving for zero harm in a diverse work environment
- Dealing with hazardous materials
- How to do a 6 Sigma assessment
- Records management
- Chemical inventory management
- Laboratory refurbishment case study
- NATA assessments – making them easier
- QC management software
- The Australian Synchrotron

Presenters will include Dr Vyt Garnys (Cetec), Angelica Vecchio-Sadus (CSIRO), Dr Ian Gentle (Synchrotron), Dr Neale Jackson (RMIT University), Doug Crawford (S2F) and Elizabeth Plati (Bio-Rad).
