BG'S Rough 'N Rowdy

Dam: Know I Can

Bet I Can

Dam: Know I Can

Embryo transfer daughter of the legendary Phenomenon and the great producing Know I Can. If you study the horn producing herds of Bob Loomis and the late J.L. Collier you will find these genetics thru out their herds. She was haltered and shown as a heifer. She has two teats that are fused together but milks well and raises a fat calf. August 7, 2017 by Drag A Mile heifer calf at side, \$4,000 for the pair. Heifer calf will be available at weaning.
