**Blue Horns**

**Sire: Superior**

**Droop Horns**

**Triangle B 38**

**Dam: Triangle B 78**

**Triangle B 54**

Triangle B 78

Her dam had beautiful tight twisting horns and her sire was know for producing twist horn daughters in addition to siring the legendary bull Phenomenon. If you are looking to add twist horn genetics to you herd, this lady can do it. Plus she is a great milker and has genetics for longevity, her dam produced into her late teens. She is an idea cow to breed to some of today's modern bulls, especially ones with twist horn genetics. Bull calf by Drag A Mile. \$3,000 for the pair.
