

Ruby Love
(Wexler)

It's no surprise, I'm here,
I've been counting the years
Take it slow, take it slow

Take this carmine time,
Take this precious love of mine
And drape it round your heart
Kiss my lips and show me, I'm lost
Break my heart and throw me the cost
Ruby love hold, Ruby love holds

Ruby love grow, Ruby love show me
Take me where I'm so afraid to go
Ruby love grow

It's been my scarlet secret,
It's been my timeless wound
But now you're here, now you're here

There's emeralds in your eyes,
There's something more in surprise
We'll take our time, we'll take our time
Deeper and deeper it bleeds me
Deeper and deeper it frees me
Ruby love hold, Ruby love holds

Ruby love grow, Ruby love show me
Take me where I'm so afraid to go
Ruby love grow

And when that moment comes and my heart screams run
You will take me and carry me home,

Ruby love, take me, take me where I want to go
Ruby love grow
