## School Accountability Report Card

### Reported Using Data from the 2014-15 School Year

#### Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (Most Recent Year)

The Cinnabar School family of staff, students, parents, and community, building on its traditions of excellence, discipline, and community involvement, seek to create a safe, stimulating environment which prepares our students to function effectively as lifelong learners and responsible citizens.

About Cinnabar Charter School:

The Cinnabar Charter School is part of Cinnabar Elementary School District along with Cinnabar Elementary School. The charter school, elementary school and district is a single school district and charter. Cinnabar Charter School serves about 250 students in grades TK-8. The district serves approximately 270 students in grades TK-8. Cinnabar Elementary School District was established in 1859 for the purpose of serving the children who lived mostly on farms just north of Petaluma. While some of the children today live on ranches, most live in homes that would be considered suburban. The school district serves a relatively diverse student body. The district has 14 classroom teachers, all of whom are experienced and highly qualified. In addition, we have support staff and a resource teacher to support students in their learning. We also provide weekly professional development for staff. Our focus is setting each and every student up for success.

We are a small school and district working collaboratively with students, staff and families ensuring all students are learning at high academic levels every day. Cinnabar Charter School is a STEAMM School integrating Science-Technology-Engineering-Arts-Music-Math in our core curriculum and academic programs so learning is meaningful and worthwhile. We accomplish this by having a very rigorous program that allows teachers to differentiate when additional support is needed and challenge the highest performers with enrichment opportunities. Parent participation is valued by the staff and encouraged. There is an active parent and community foundation called Cinnabar Education Foundation (CEF), a School Site Council (SSC), and an English Language Advisory Committee (ELAC).

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

**Opportunities for Parental Involvement (Most Recent Year)**

The Cinnabar School Board of Trustees recognizes that parents/guardians are their children's first and most influential teachers and that continued parental involvement in the education of children contributes greatly to student achievement and conduct. Parents/guardians can directly affect academic success by reinforcing their children's motivation and commitment to education. The District supports and encourages parent involvement as a component of instructional planning, for community building, and simply as a support structure of our overall program.

We understand that teachers and parents/guardians can better meet the student needs if they work together. We are committed to communicating frequently, in whatever language is spoken in the home, to keep parents/guardians well informed about school expectations and activities, students' progress toward grade level expectations, and advise them of how to support future learning for their children.

Please contact the Principal/Superintendent at Cinnabar School at 707-765-4345 for information pertaining to organized opportunities for parent involvement.

The Board encourages parents/guardians to serve as volunteers in the school and to attend student performances and school meetings. Cinnabar School shows its commitment to this policy by establishing the following:

## Board Policy

To answer the needs of the local community, provide ways to support parents in working with their children, build consistent and effective communication between the home and the school, train teachers and administrators in effective ways of communicating with parents, and to integrate parent involvement programs as part of the school's master plan for academic accountability.

Further, as a Title 1 school, Cinnabar recognizes the following:

- A procedure to ensure the Title 1 parents are consulted and participate in the planning, design, and implementation of the Title 1 program.
- Regular and periodic programs throughout the school year that provide for training, instruction, and information on all of the following:
- Parent's ability to directly affect the success of their children's learning through the support they give their children both at home and at school;
- Home activities, strategies, and materials that can be used to assist and enhance the learning of children both at home and at school;
- Parenting skills that assist parents in understanding how to provide positive discipline for and build healthy relationships with their children;
- Parental ability to develop consistent and effective communication between the school and the parents concerning the progress of the children in school and concerning school programs;
- An annual statement identifying the specific objectives of the program;
- An annual review and assessment of the program's progress in meeting those objectives;
- Parents shall be made aware of the existence of this review and assessment through regular school communication mechanisms and shall be given a copy upon the parent's request.

Cinnabar Charter School integrates PBIS (Positive Behavior Intervention and Supports) into our educational practices and programs to build and sustain a positive culture and climate for students. Our School rules are: be safe, respectful, and responsible. We positively reinforce students following the school's rules and explicitly teach behavior expectations so students can be successful.
