

SUNDAY MEALS FOR COLLEGE STUDENTS

Greetings Care Group Leaders:

On behalf of Pastor I want to follow up with you concerning feeding our College Students each Sunday.

It has been our Pastor’s desire to have an active College Ministry and our Young Adults have developed an area of ministry called B.A.S.I.C that is attractive to college students and will keep them engaged as well as cultivate their spiritual growth.

In bringing the students to service each Sunday they will miss their dinner hour on campus, thus Pastor has asked each Care Group to rotate Sundays in preparing a HOT meal for the students.

For now we are planning for 30, as our numbers increase the care groups will be informed, this number will include the bus driver and 3 B.A.S.I.C. staff members.

Meals can be prepared by care group member or purchased. The church will provide paper product (plates, cups, napkins, forks) and drink.

There will be a food service committee member assigned to each Sunday to assist with setting up chafers and making sure you have all you need to serve that meal. We do not have cooking equipment here so all foods must be ready to go in the chafers upon arrival.

RAMP will be in session on most Sundays so it will be very important that we work quietly during the service time.

Care group leaders are asked to let Mother Parks or Sister Kenya know your menu no later than the Wednesday before so we can make sure we have things in place for you. Meals should consist of at least one meat, one starch, one vegetable, and the dessert is optional.

This is a wonderful opportunity for your team to work as a group in preparing the food, serving the students and cleaning up. Knowing our space is limited you will only need to assign 8 – 10 members from your group to work on your Sunday. (Cooks those persons will not be needed on the line, 4 on the serving line, 1 on drinks, 1 on desserts and 2 in the wash room. After serving those 10 members will begin break down and clean up. Please let members know the dinner is for college students, if you plan to feed your members please prepare above the amount needed for the students, then being aware, IF the number of students exceed the 30 we must serve the students first before serving any other.
