BEHAVIOR FRONTIERS EXPANDS TO THE DALLAS/FT. WORTH AREA

*ABA training & treatment programs for children with autism and other special needs
now available in North Texas*

Los Angeles, CA (DATE TBD) Behavior Frontiers, a non public agency offering solutions to help children with autism and other special needs using state-of-the-art applied behavior analysis (ABA) training and treatment programs, is announcing the opening a new office to serve the Dallas/Ft. Worth area.

The new office located in *North Dallas* will serve the Dallas/Ft. Worth metroplex and the surrounding Collin, Denton and Tarrant counties. Behavior Frontiers will also serve military families through TRICARE's Enhanced Access to Autism Services Demonstration Project in the Naval Air Station JRB Fort Worth area.

Families will be provided with custom ABA treatment plans delivered by Behavior Frontiers' knowledgeable and highly trained clinical staff members using accurate and results-driven ABA methods to improve the quality of life for children and their families.

"The CDC estimates that an average of 1 in 110 children in the U.S have an autism spectrum disorder," says Behavior Frontiers Founder and Clinical Director, Helen Mader, M.A., B.C.B.A., "so our goal is to expand to new areas and offer the highest quality treatment to children in need of services and the most innovative training to parents and professionals."
