PARISH NOTES

Happy Easter!

I would like to take this opportunity to wish you all a Happy Easter! Yes, it's still Easter! In fact, it will be Easter for the next 50 days or so. The mystery of Christ's death and resurrection is so central to the life of the church that she gives us 50 days to savour and explore its meaning for the church and for each of our lives. The new life and light of Christ's resurrection is so full that it overflows into the world. Not only does his risen life permeate the very being of every believer, but it also is meant to overflow into the world around us - into our homes, our places of work, our schools, our social circles. The new life Easter brings us is a life full of excitement, meaning, direction and purpose - it is a life that looks beyond the here and now and has as its goal the gift of eternal life. In what ways has God given rise to new life within us? In what ways can we be a source of new life for others? - Fr. Paul+

Defibrillator for St. Paul's Anglican Church

As part of our safe church program, we are in the process of acquiring a defibrillator for St. Paul's Anglican Church. It's one of those things you acquire and hope you never have to use. But, the experience has been that an on-site defibrillator does save lives. In anticipation of the purchase of a unit, five of our parishioners have already received formal CPR training and instruction on how to use one.

The recommended unit cost approximately \$2,400. The April 21st, 2018 Men's breakfast has already pledged their breakfast proceeds towards the purchase. We will also be inviting our church groups to participate in the program. If you, a parishioner, wish to donate to the purchase, you may do so by dropping your donation into the office or indicating so on your church envelope.
