

KATA Technologies Inc.

Capabilities Brief

Perfecting Performance -- A US veteran-owned company (SDVOSB)

CAGE Code: 42KW7 | DUNS: 602532553

Overview

- Privately-held Delaware corporation headquartered near APG, Maryland
- Specializes in IT/Enterprise Systems help desk/supportability solutions, test & evaluation
 - Supported the Army Test and Evaluation Command in the integrated logistics support (ILS) evaluations of net-centric command/control and other software-intensive systems (eg. NCES, NECC, GFEBs, GCSS-Army, DIMHRS/IPPS-A, TBC, MBCOTM)
- TS-cleared personnel with combat experience in multiple weapons systems as well as Joint Special Access Programs, combined tactics (ground, air, space, and cyberspace), DoD acquisition (DoD 5000.xx), and Fortune 500 industry experience
- We help WIN...
 - We make systems more robust, and smarter for the warfighter, by becoming the bridge between systems engineers and operators, making systems more usable through smarter interface and process design; and better supportable through educating the operations support teams on standards-based integrated logistics.
 - Ultimately, our clients can shorten the acquisition process, save money, and deliver systems that make the warfighter's job easier, which may in turn save lives.

Certs/Licenses

- *Verified* Service-Disabled Veteran-Owned Small Business (SDVOSB)
- GPCC Supplier Network - Certified Member
- Innovation Management Strategies
- IBM, HP, and Microsoft partner programs
- Avaya/Nortel Consultant Program
- Maryland - Small Business Reserve Program
- Pennsylvania - vendor #20609
- DoD-cleared personnel with TS/SCI, Fullscope Polygraph

Core Capabilities

"...innovative systems and smarter support concepts using industry best-practices made BETTER on the battlefield."

- IT and Telecommunications - Consulting, Engineering, Operations and Maintenance
- Software and Systems Supportability - Independent Test and Evaluation
- Netcentric and Net-enabled Program Technical & Operational Support
- Acquisition, Contract, and Program/Project Management Support
- Integrated Logistics Support (ILS)
- Airborne Weapons Systems Consulting - Integration, Interoperability, Operator Interface
- Assistance & Advisory Support (A&AS) to CIO-level Functionals
- Special Planning Support (IJSTO CONOPS, OPLAN, COA development)
- Information Operations (EW, CNO, PSYOPS) Integration
- Systems Engineering and Enterprise Architecture

Key Partnerships

ARMY

- **SSES-NEXGEN**
(software/systems engineering and support)

- **ATEC AEC Omnibus**
(test & evaluation -- ILS directorate)

Opportunities

- PM ARAT - Army Reprogramming Analysis Team - Program Office Engineering and Technical Support
 - SSES-NexGen vehicle, release from ENGILITY to team with Sotera and Leidos
- DHS Transportation Security Lab (TSL)
- FAA Information Technology Systems Security Support Services (ISSS)
