

Key Awareness™

DIY Conducting Patterns

Conduct with CHORD EQUATIONS VIDEOS at www.keyawareness.com

Feel how chord changes fit with the meter of the piece

Conducting Challenge - Instructions

Instructions for making Conducting Patterns

- *Print pattern on regular weight paper or cardstock and cut in half*
- *Line up with the edge of a table or counter*
- *For baton, use unsharpened pencil or closed pen*

Steps

- *To conduct - baton in the air above beat 1 for starting position. Tap each beat number, either bounce up or brush to the side indicated, then return to starting position after the last beat*
- *Conduct without touching the guide - imagine coming in contact with each beat number*
- *Challenge - without looking at the guide or video, keep the pattern going while listening to a music example*
