

Week #30  
April 1-5 2019  
Room 6 Weekly News

- **We had a wonderful time in Mariposa on Friday.** Thanks you to our chaperones for making the trip with us. The students were well behaved and impressed everyone with their knowledge!
- **Expo Night is coming on Thursday, April 11<sup>th</sup> from 5:00-6:30.** Thank you to those students who sent back their form and signed up to work the fourth grade activities. I will send home a final schedule next week.
- **Most students are doing a better job on their weekly responsibility of completing Spelling City.** Students should complete three to four activities in Spelling City for homework or during study hall at recess.
- **Our Sacramento Study Trip is coming up on Tuesday, April 30<sup>th</sup>.** We will be taking a charter bus to the State Capitol Museum, the California Indian Museum, and Sutter's Fort. If you are interested in chaperoning on this trip, please let me know via note, text, or email. Chaperones need to have finger print clearance through the district.
- **In an attempt to get students ready for fifth grade, we are starting a new late work policy.** During Fun Friday, students are aware they are missing assignment for the week because they do not participate in Fun Friday. Late work will need to be finished over the weekend and turned in on Monday to make sure a 0 is not earned. It is important to take care of late work, not let it linger and pile up week after week.
- **Graded Work will come home on Thursday.** Students need to slow down, read directions, and check the work they turn in. Some students are not giving their best effort on work the first time, and then want me to grade it a second time to give them a better grade.
- **Spring is here and the weather is getting warmer.** Our classroom is becoming very smelly in the afternoon. We get very close to each other throughout the day, so personal hygiene is key!

**This week's learning topics:**

**Skills:** Commas; Word Master List #3

**Reading:** *Riding Freedom* Literature Study

**Writing:** Editing

**Math:** Angles (Chapter 11)

**Social Studies:** Finish Gold Rush Simulation

**Science:**
