Dear Sam;

This letter represents a change in the recommendations from the Midcoast Community Council to the San Mateo County Parks and Recreation Division in response to the Initial Study and Notice Of Preparation for the SanMateo County Trails Plan Program Environmental Impact Report. The following recommendation was approved by the Midcoast Community Council at its regular meeting of July 13, 1999, and represents a change to our original recommendation in the letter attached.

b) "Montara Mountain Ridge Trail" - From the Peak Road in McNee Ranch State Park, up to North Peak of Montara Mountain, south along the ridge on existing service roads, to intersect with the designated "Scarper View Trail". This ridge trail would provide simultaneous Ocean and Bay views, and have minimized impact on the SF Watershed lands as it follows the western boundaries. Lateral trails to the designated "Ridge Trail" are possible using existing service roads.

Thank you for incorporating this change into our recommendations.
