MEMBERS PRESENT: Ayers, Bledsoe, Campbell, Dove, Marsh,  
Meyer

This meeting began at 9:40 pm, after the joint meeting with San Mateo County Planning Commission.

APPROVAL OF MINUTES of 8 Jan 1992 by acclamation

PUBLIC COMMENT:

Reconciliation with developer is not possible since his plans are diametrically opposed to community needs. Community is in a strong position against developer and should not make easy concessions. The dialogue should be an inquiry, not a negotiation.

DISCUSSION regarding establishment of Mirada Surf committee with council members and community. Meyer suggested 3 seats in addition to the 2 Land Use Committee members (Ayers and Brown). Dove suggested that 2 Concerned Coastsiders members and 1 from an environmental group should be included. Brown said that committee should assume that the zoning and density credits are correct (as presented by county planners).

Report from Mirada Surf Committee due 2/12/92.

NEXT MEETING 2/12/92 7pm El Granada School
