public comment

Utility basis method
return on investment

QUESTIONS

TO CITIZENS UTILITIES

What has prevented your company from providing water service at rates consistent with the rest of the Bay Area?

TO MONTARA/MOSS BEACH WATER IMPROVEMENT ASSOCIATION

Do you see a relationship between the issue of water powers and growth? Explain

TO CORADO INC.

Do you foresee any conversion of your agricultural wells on the Coastside for residential development?

TO COUNTY

What is the County willing to do at this point to facilitate public takeover of Citizens Utilities?

TO CCWD

What is the relationship between Montara/Moss Beach water system joining CCWD and annexation to Half Moon Bay? Do you see this as a preliminary step toward annexation?

TO MONTARA SANITARY DISTRICT

When you determine the cost of buying out Citizens Utilities, upgrading the system and increasing the water supply, would you have another public ballot before you actually start to assess each household?

MIDCOAST COMMUNITY COUNCIL

P.O. Box 64
Moss Beach, Ca. 94038

July 6, 1992

Dear: Midcoast Water Participant

The Midcoast Community Council is sponsoring a mediated discussion on the topic of water management in the midcoast area.

Our goal is to educate the community on the current water supply situation, and visualize the future options available to us from your affiliation's perspective. We are requesting that you select one person to represent your group.

We will be in touch with you on the final program schedule, prior to the water talk. Tentatively, we would like your representative to give a short presentation (Five minutes or less) and after each panel member speaks, we will have a question and answer session.

Our Council would sincerely appreciate your participation in this discussion.

Sincerely,
Midcoast Community Council
Water Subcommittee
