

2018 Devil's Slide Ride Event Information
MCC Meeting, Wednesday, March 28, 2018

GENERAL EVENT FACTS

- All funds raised go to benefit PARCA (Partners and Advocates for Remarkable Children and Adults), a local non-profit whose programs help people with developmental disabilities live independently.
- The seventh annual event will take place on **Saturday, June 30, 2018**.
- Event participants have a choice between three road cycling routes and four trail run routes. All cycling routes pass through the Midcoast communities, and a short segment of two trail runs are routed through a residential area of Montara.
- A Dog Walk and a docent-guided Whale Watch along Pacifica beach trails was added last year and will be offered again this year. This event is fully contained within Pacifica city limits and has no impact on Midcoast communities.
- To ensure participant safety and compliance with event rules, PARCA will:
 - Announce at the Start Line that participants are to avoid littering, making noise and generally disrupting residents along the routes.
 - Post course marshals at key turns and road crossings.
 - Have SAG Vehicles and monitors patrolling routes to assist injured or incapacitated riders/runners.
 - Assign Course "sweepers" to pick up trash and remove signage immediately following the event.
 - Install a Ham radio network operator in each SAG vehicle and at each aid station to make sure that communications are available throughout the event, including remote "dead zones."
- PARCA is working with the City of Pacifica Parks & Beaches, GGNRA, California State Parks, SM County Parks, Mid-Peninsula Open Space District, San Mateo County Public Works, the City of Half Moon Bay, La Honda-Pescadero School District, Pacifica School District and Cabrillo Unified School District to obtain necessary permits and/or approvals; and coordinating with CalFire, SM County Sheriff's Department, Pacifica Police, CHP and County emergency services on an Emergency response plan.

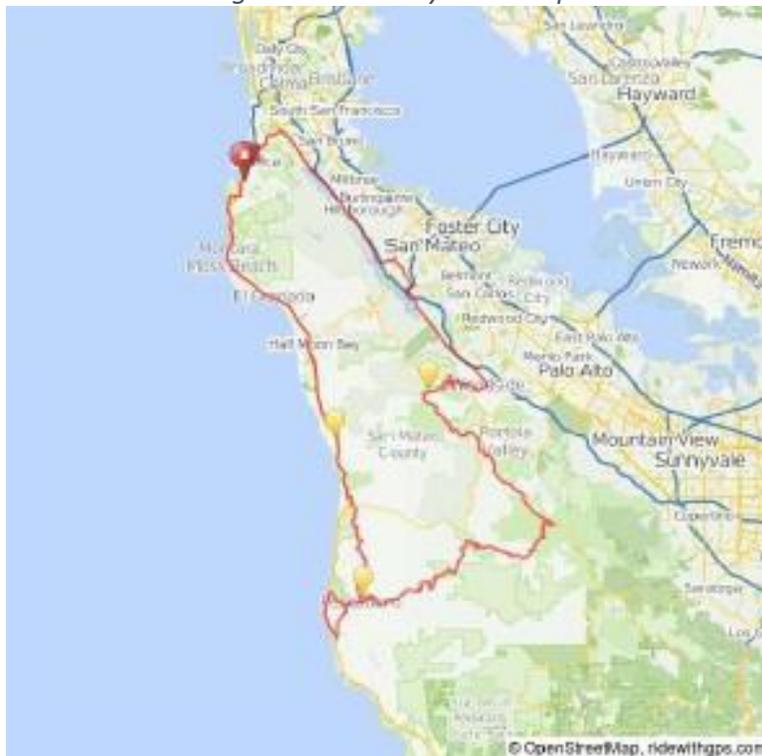

ROAD RIDE FACTS

- Estimated number of road ride participants
 - Century and Metric Century est. 400
 - Metric Half-Century est. 100
- CHP will escort all cyclists safely from the Pacifica Community Center to the northern trail entrance of the Devil's Slide Recreational Trail at the start of the ride.

- Estimated times when riders will be passing through the Midcoast Communities:
 - Century and Metric Century—between 6:45 AM–7:45 AM. This group will be using the trail in the southbound direction only and returning via Highway 35 (Skyline).
 - Metric Half-Century—between 7:45 AM–8:45 AM in the southbound direction, and between 9:30 AM–11:00 AM in the northbound direction, when returning to Pacifica. This is a recreational ride, not a race, so each cyclist will be riding at his/her own pace, typically as either solo riders or single-file riders clustered in small groups of 2–3.
- Routes will be marked with removable, biodegradable arrows the day before the event; arrows in residential areas will be removed after the event.
- Due to safety concerns with regards to the extremely narrow shoulder on the northbound section of Highway 1 just before the tunnel, cyclists on the return leg of the Metric Half will have the option of taking a shuttle from the Farallone View Elementary School, where PARCA will set-up an aid station/pick-up point, to the southern entrance of the Devil's Slide Recreational Trail; thus avoiding this dangerous stretch of road altogether.
- To further enhance the safety of the Metric Half, we modified the return leg last year to take cyclists off of Highway 1 and on to back roads (specifically Etheldore and Happy Valley Road) between Half Moon Bay Airport and Farallone View Elementary School. Precautions were taken to avoid disruptions in residential neighborhoods and to the best of our knowledge local authorities received no complaints regarding our participants.

TRAIL RUN FACTS

- Estimated number of trail run participants passing through Montara: 140
- Estimated time that runners will be passing through Montara: Between 9:45 AM–12:45 PM.
- The route will be marked with laminated arrows attached to street sign posts with zip-ties.
 - Markers will be put up in the afternoon of June 29 and taken down in the afternoon of June 30th, immediately after the event.
