

Lambda-Lambda Alumni Association Kappa Sigma Elon

Elon, North Carolina

October 25, 2016

The Lambda-Lambda Alumni Association of the Kappa Sigma Fraternity announced today that Malcolm Douglas Frain, of Greensboro, NC has been named the recipient of the Lambda-Lambda Alumni Association Alumnus of the Year Award for 2016. Doug is a 1991 graduate of Elon University and the 269th initiate of the Kappa Sigma chapter at Elon.

Doug has been active alumnus for many years with his generous hospitality at Elon's Homecoming events with his infamous motor coach. He has maintained and nurtured brotherhood with his classmates and beyond. He has been a driving force to keep the ties of brotherhood strong for 25+ years.

Doug says "I have life long bonds with men who have been there for many ups and some downs, but friends for life. These relationships today are the most important to me and have brought so much to me personally and professionally! "

After receiving his Bachelors degree in Business Administration at Elon, Doug went on to work for the Anthony Robbins organization as a corporate sales trainer. Doug then moved into the Facility maintenance industry and was on the executive team that worked to consolidate and bring together several large market leading companies that the team took public. In 2000 Doug left to be an equity partner at Diversified Maintenance where his team built the company to over \$150M in sales before selling to an equity firm in 2010. Doug has always had a passion for the environment so in 2011 Doug co- founded Second Earth a physical water treatment company that does business with fortune 100 companies including Elon University where the system has been installed since 2012.

Today Doug continues to serve on the board of Second Earth and is involved with several other related businesses. Doug resides in Greensboro with his wife Melissa and daughter Leah who is a UNC graduate and will be working as a nurse for the Duke medical system. When Doug is not working with his companies you can find he and Melissa traveling across country and tailgating in their motor coach.

The Lambda-Lambda Alumni Association Alumnus of the Year Award is presented each year to a deserving alumnus who has best advanced the interests of the Association and the Lambda-Lambda chapter.
