

# The Frog Boat®

Boats for People on the Move ~ inspired by nature, ingenious and revolutionary by design

sleek, stylish, lightweight & strong

Safe, virtually untipable and unsinkable, The Frog Boat® is tough even when the weather gets rough. Low wind drift coupled with our unique hydrodynamic hull makes The Frog Boat® fast while using less energy.

True to its amphibious nature, The Frog Boat®'s strength is its maneuverability and stability in the water, and its ease of transportation over land.

The Frog Boat®'s ingenious design and leading edge technology mean easy, safe and practical boating. It's a must-have for your next fishing, camping or family adventure!

Compact and lightweight, The Frog Boat® is easily transported on most existing roof racks, on your SUV, family sedan, or even inside your camper. The Frog Boat sets up easily in seconds and its generous carrying capacity ensures all your important cargo has room to go along too.
