

Mac

22 year old Haflinger gelding

Mac has a friendly personality and is one of the first horses to come to the fence to say hello. He fits in very well in lessons and has many fans. Mac likes to flap his lips which makes it look like he's talking. He's also a master of escape - he discovered how to open his stall door from the inside, so extra reinforcements were put on his stall door to keep him secure. His favorite hobby is eating and relaxing in the pasture with Stoney, his Haflinger bro.

Generously leased to LTRC by Diana Hyatt
