Our greatest gifts  
We bring in vain  
Our sacrifice is not enough  
There is a debt  
Your love has paid  
You left your throne from above

You gave yourself wholly for us  
We give our praise wholly to you, Jesus  
No greater price  
No greater cost  
How high the dignity of the cross

The weight of sin  
The guilt and shame  
Upon the shoulders of a king  
You took the nails  
Endured the pain  
You did not keep anything

How deep your love  
How wide your arms  
How great the wonders of what you've done
