**Key: C**

**Intro: C Csus4 C Csus4**

**V1**

**C**

To those who are so broken that it's better left unspoken

**F**

You are all welcome in this place

**C**

Where the royals set their crowns on the table and sit down

**F**

Next to those without a name

**Pre-Chorus**

**Gsus4**

We pass the wine, we break the bread

**Am**

We bare our souls of where we've been

**C/E**

We revel in the stories

**F**

And raise our glasses up

**Chorus**

**C**

To love

**G/B**

**Am**

To every time we'd ever given up

**F**

**C**

To the humble King who came to rescue us

**G/B**

Who knows the scars we have

**Am**

**G**

Who finds us in our deepest pain

**F**

And always brings us back

**C**

To love

**V2**

And to those who've taken casualties

And want to save an empty seat

You are not alone

Listen close and you will find

The saints who've gone before their time

Are in every tale that's told
