Directions:

Pieces Included:

1 sculpture
2 weights
1 set of directions

To Mount on Wall:

1. Remove the sculpture and weights from backboard. Do not remove the masking tape.
2. Hold the back board in desired location against wall. Make sure bottom edge of backboard is level.
3. Place a sharp instrument through the mounting screw holes, marking their position on the wall. The proper holes are labeled.
4. Drill pilot holes. If the wall is plaster or sheetrock, use plastic anchors.
5. Mount the sculpture using round-headed, brass screws, 1/2" or longer.
6. Remove masking tape.

To Suspend the Weights:

1. Unwind about 2 feet of string from each of the rear wind-up spools by unhooking the wooden hooks from the small gears and pulling on the string.
2. Pass the left-hand string under the pulley on one of the weights, loop it over the small metal hook in the lower center of the sculpture.
3. Pass the right-hand string under the pulley on the other weight, loop it over the small metal hook also.

To Wind:

Turn left-hand winding wheel counter-clockwise until weight is just below the sculpture.
Turn right-hand winding wheel clockwise until weight is just below sculpture.

To Start:

Turn the large wheels in opposite directions.

To Stop:

Stop the motion of the large wheels.
