

Illusion Wall Template

Directions for using this template:

1. Start at the location for the top hole # 1 on the diagram.
2. Use a level or a weighted string to determine a true vertical line descending from that point.
3. Measure vertically down that line to point #2 and point #3 and mark them.
4. Use a level or a square to establish a horizontal line at that #2 point.
5. Measure along that line to point # 4. Mark it.
6. Drop a line from there and find point # 5 and then a level to locate point # 6.
7. Use the level from point # 3 and locate Point # 7.
6. Temporarily install the sculpture using those points. Mark the other mounting holes (if any) with the sculpture in place.
7. Remove the sculpture. Install the appropriate anchors and permanently remount the sculpture on the wall.
