

## Tri-Avian Wall Mounting Template

### Directions for using this template:

1. Start at the location for the top hole # 1 on the diagram.
2. Use a level or a weighted string to determine a true vertical line descending from that point.
3. Measure vertically down that line to point #2, 4 and 6 marking each.
4. Use a level or a square to establish a horizontal line at that point.
5. Measure along eachline to point 3, 5, and 7 respectively.
6. Temporarily install the sculpture using those two points in each base. Mark the other mounting holes (if any) with the sculpture in place.
7. Remove the sculpture. Install the appropriate anchors and permanently remount the sculpture on the wall.
